Genesis 1:14 reads "And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years:" (KJV) Our complex solar system has a wonderful story behind it. Job 38:31-32 reads "Canst thou bring forth Mazzaroth in his season?" (KJV) We hope you have a fascinating journey through the heavens in this section.

---

### **WEBSTER'S DICTIONARY TERMS:**

**astronomy:** the science of the celestial bodies and of their magnitudes, motions, and constitutions

**astrology:** astronomy

**zodiac:** 1) a: an imaginary belt in the heavens usually 18 degrees wide that encompasses the apparent paths of all the principal planets except Pluto, has the ecliptic as its central line, and is divided into 12 constellations of signs each taken for astrological purposes to extend 30 degrees of longitude b: a figure representing the signs of the zodiac and their symbols 2) a cyclic course

---

The ecliptic begins with Virgo and ends with Leo.  
Mazzaroth - Hebrew - the constellations of the Zodiac.  
Evil astrology started with the tower of Babel.
